# ABOUT US

Established in the year 1996, we are more than just a source of quality safety products. We provide the essentials for healthier, safer and more productive workplace.

We help our clients manage critical safety issues so that they can maintain business continuity, minimize lost work time and prepare for situations that threaten the safety of their workforce.

We offer a wide range of products that are used to enhance personal protection of people, facilities, and systems, along with taking care of the safety and productivity of our clients. Continuing innovation in product development is our hallmark and providing appropriate protective equipment is our constant endeavor.

Our portfolio consists of several trusted Personal Protective Equipment (PPE) such as wide variety of Gloves, Aprons, Sleeves, Masks, Helmets along with various other safety equipment catering to multiple industrial applications. Being one of the pioneering MSME players in the PPE space, we have state of art manufacturing facilities at two locations in Hosur(Tamilnadu) with a competent team and trained workforce of more than 150 skilled workers. In our attempt to serve the society, our endeavors do not stop at manufacturing safety equipment. We conduct safety awareness programs for our clients as a part of our corporate social responsibility.

**We as an industry have also been accredited with the ISO 9001:2015 certification.**

Over the years, some of the most prominent organizations across several industry sectors have been our clients.

At our organization, we believe that change is the only constant. Over the years, we have upgraded our technology in order to match the needs of our clients which are constantly changing with the due passage of time.

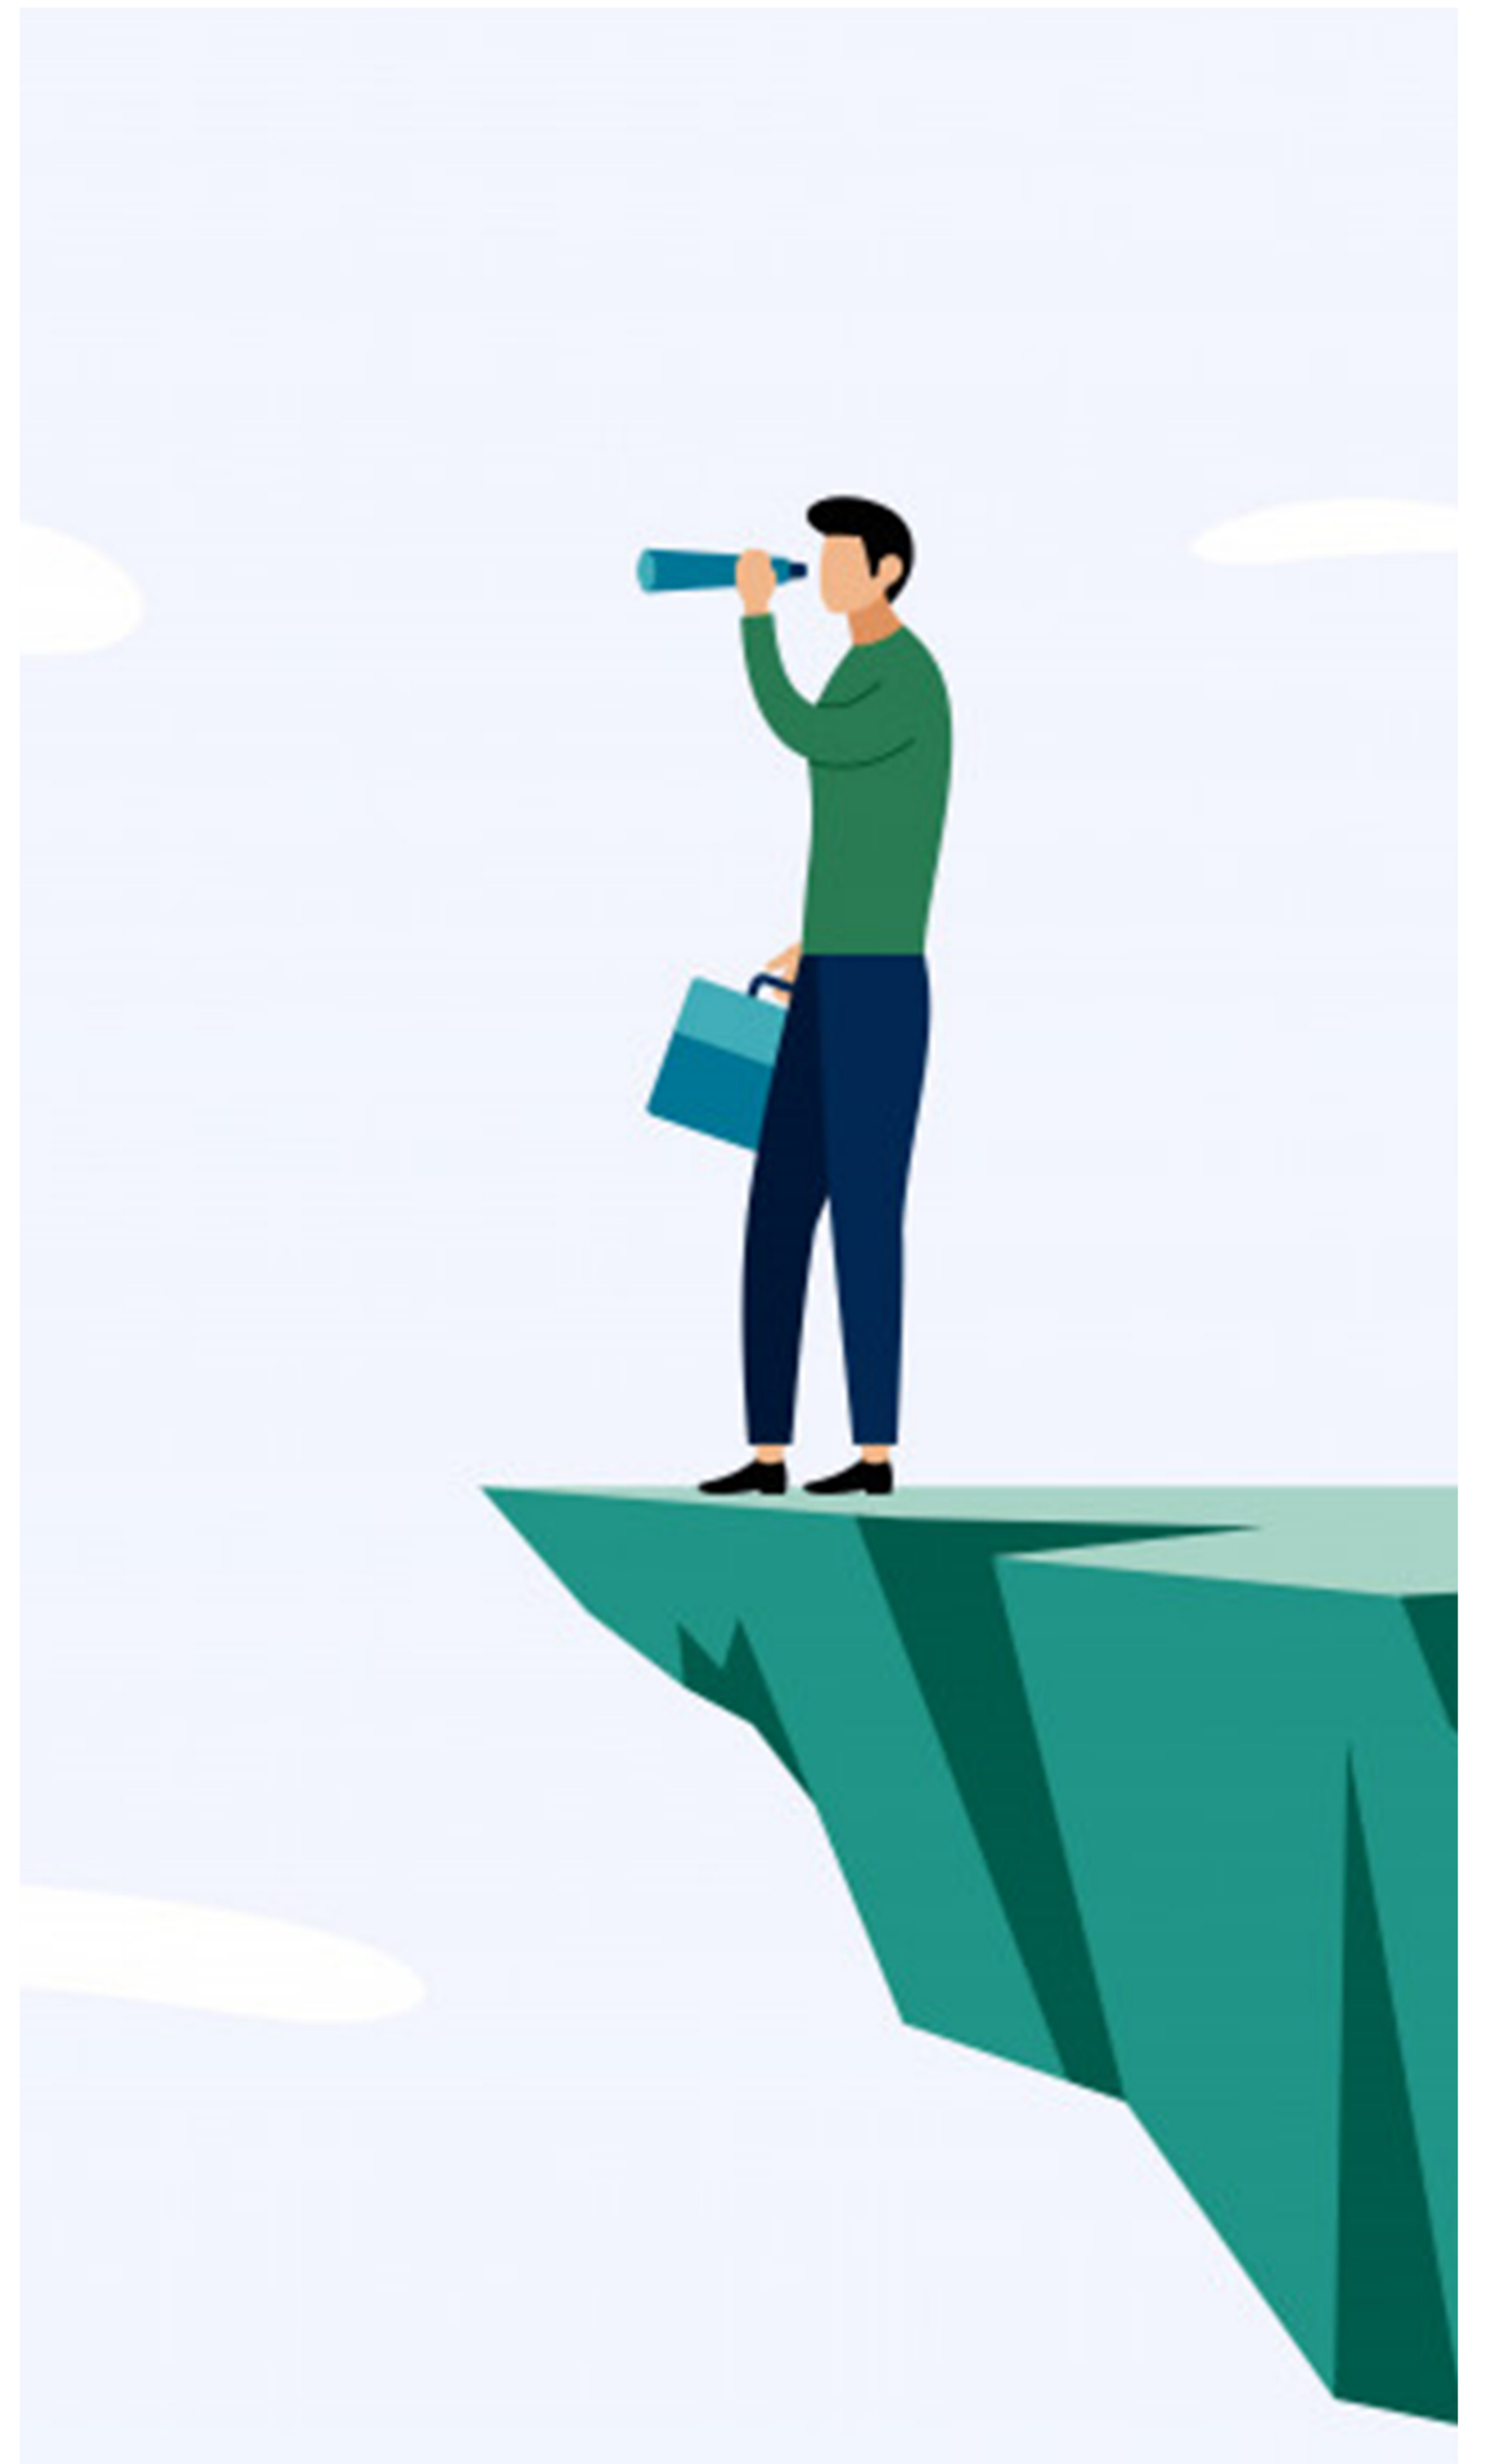

# VISION & MISSION

## OUR VISION

To provide numero uno quality of industrial safety equipment across the industry verticals around the globe and be the trusted and most reliable safety partner of our clients.

## OUR MISSION

To offer an assortment of state-of-art personal safety equipment to our clients through constant efforts in research and development, continued exertions into cost optimizations and by adopting cutting edge technological advancements in our operations and systems with the intent to provide a holistic ecosystem to the end users of our partner establishments.

## PRODUCTS AND SERVICES

Geethanjali industries strongly believe in the fact that **“The Industrial revolution was another of those extraordinary jumps forward in the story of civilization”**.

We understand that employees are the core assets of any industry and ensuring their health and safety is the key factor in order to promote the wellness of both employees and employer.

Hence, our industry manufactures and deals in all kinds of protective equipment that can literally protect a person from head to toe.
